

Severe Quakes Wipe Out Greek Villages

REPORTER'S REFLECTIONS

We are pleased to report the young man about whom we wrote Tuesday who lost his job because of a criminal record has found other employment.

Also during the week information has come that another young man who "had a record" who had experienced difficulty finding employment, is also working now.

The first young man's job is not in Dixon but is in the Dixon area.

As pointed out Tuesday, it is difficult to write about those who have transgressed the law, who have been apprehended and convicted.

We then touched on that those who judge ex-convicts are aware of the fact that many do not go "straight" and thus are apprehensive about them.

What we did not then say is that the lack of accepting back into society those offenders who have paid their debt to society is a known contributing factor to recidivism, the return to prison.

There is one hard unalterable fact. When people are convicted and "sent up," they do come back. When they return they must, one way or another, find a way to make a living, often times for a family.

We should also remember that a large majority of those, especially young people, who fall afoul of the law come from the homes of the poor, the undereducated, and minority groups.

It is one of the conditions of human society, for which no one is to blame, and yet, because of which, we are all guilty.

This fact about ourselves should sensitize our consciences.

Increase Hunt-Kill Operation

SAIGON, South Viet Nam (AP) — A giant allied military operation against the Viet Cong in the central coastal plains of South Viet Nam shaped up tonight as the U.S. 1st Cavalry, Airmobile, Division committed a second brigade and American Marines on the northern flank started to move south.

On the perimeter of a 15 square mile area were two South Vietnamese airborne units and elements of the South Korean marines.

The U.S. Marines in the north, a task force of multiple regiment size, has been on the scene as the top end of the nutcracker since an amphibious landing eight days ago.

The air cavalry now is operating on division level, a U.S. Army spokesman said.

What lies between the slowly converging forces may be as many as four or five regiments of hard-core Viet Cong and North Vietnamese regulars. The prize is the biggest of the war.

The evolution of what could become a huge battle around Bong Son, 290 miles northeast of Saigon, grew out of the 1st Cavalry's successful probes against Viet Cong territory in the past week. The troopers found not only hard-core battalions but also one whole North Vietnamese regiment and another regiment which was about half and half of both types.

Three Sailors Lost in Copter Crash Today

PEARL HARBOR (AP) — Three sailors were lost today when a helicopter crashed in the South China Sea as they were returning from repair work on two destroyers that collided.

The Navy said the three, from the fleet oiler U.S.S. Navasota, are missing in the crash of a SH3A helicopter.

They had been returning from helping repair the U.S.S. Brinkley Bass which collided with the U.S.S. Waddell, a guided missile destroyer.

Both ships listed Los Angeles as their home port.

The Navy withheld names of the missing men pending notification of next of kin.

Aid Rushed To Homeless

ATHENS, Greece (AP) — A series of earthquakes rocked central Greece before dawn today, killing at least one person, injuring more than 50 and leaving hundreds homeless.

The Greek government declared a state of emergency in the area and sent army rescue teams and medical supplies.

The tremor's epicenter was near Karditsa, about 150 miles northwest of Athens. The towns of Fourni, Alesia and Krenti were totally destroyed and 10 other settlements left 80 per cent uninhabitable, reports said. A 30-year-old mother of six children died when she was

caught in the collapse of her farm house.

Social Welfare Minister Michael Galinos left for the area by helicopter and ordered all available tents sent to shelter the homeless.

Most residents abandoned their homes at the first tremor, shortly after midnight. As they scurried out in the dim light a more severe shock followed seconds later, knocking down many buildings. Some victims were caught in their sleep.

Reports reaching Athens said many of the homeless took refuge in schools and churches. The injured were evacuated to the nearest towns.

National police continued to search debris for more injured. The Athens Seismological Institute said the tremor rolled through the big towns of Trikala, Larissa, Karditsa and the districts of Magnisia and Ethiotis. The heaviest damage was caused by landslides in small villages surrounding the area.

Police said landslides caused by the quake covered scores of homes with tons of earth and rock. Most residents who fled from their homes after the first tremor managed to escape.

Temperatures in the area were near freezing. Villagers huddled near fires to keep warm.

Livestock ran through the fields frightened by the quake that hit the area at 4:02 a.m. local time. Communications between communities were partly destroyed.

Police warned residents not to re-enter homes that had been partly destroyed, for fear another quake might hit.

Order Food Shipments To India

WASHINGTON (AP) — President Johnson has assured India "America will do more than her part" in helping to blunt the drought and famine that have led to growing riots there.

In a gesture of reassurance Friday, the President announced he had ordered stopgap emergency shipments of three million tons of wheat and sorghum within the next three months.

This action was announced at an impromptu news conference after the President had received first-hand reports that India's port facilities could handle up to a million tons of grain a month.

Another top-level mission to investigate India's long-range agricultural needs was to leave today. This one is headed by Walter Farr Jr., South Asia and Middle East administrator for the Agency for International Development.

President Johnson told the news conference he expected to meet soon with India's new prime minister, Indira Gandhi. Mrs. Gandhi is expected to come to the United States in March after a budget session of the Indian Parliament. No official date has been set.

The U.S. shipment to India will consist of two million tons of wheat and a million tons of sorghum, both to be made immediately available.

U.S. Weather Satellite Is Taking Pictures

CAPE KENNEDY, Fla. (AP) — ESSA 1, the world's first operational weather satellite, began its first full day of picture taking today.

The National Aeronautics and Space Administration said the storm-hunting spacecraft was transmitting excellent photos of cloud formations as it whipped around the globe at 18,000 miles an hour.

Its camera eyes began sending pictures Friday, each showing cloud formations and storm patterns over a patch of earth averaging 2,000 miles long by 800 miles wide.

Enough pictures will be transmitted each day for weathermen to piece together a nearly complete picture of the world's weather.

To Be Replaced With Apartment Building

The house shown above at 710 Third St. which has housed the Buckley Funeral Home since 1940, and which was built by O. B. Dodge before 1900, is scheduled to be torn down to make way for a 32-unit apartment building.

Raze Funeral Home For Apartments

A Dixon landmark will be razed to make way for a 32-unit apartment building.

The old O. B. Dodge home at 710 Third St., which has been the Buckley Funeral Home since 1940 has been acquired by the Dixlee Development Corp., here, a newly formed corporation which will build and operate the apartment building.

In another phase of a three-way shift, Frank D. Buckley will become associated with the Allen Funeral Home here as associate director and the name will be changed to Allen-Buckley.

The development corporation has been organized by Dr. Lamar Wells, Dr. Samuel Adler and Lowell Wilson. A spokesman for the group said work on the apartment building will begin in March.

The home, to be razed, was built before 1901, by Mr. Dodge who was head of the Grand Depot Plow Works and who gave the building which houses the pub-

lic library to the city. In 1901, when the city received the library building it was valued at \$20,000.

The Buckley Funeral Home which grew out of the Staples Funeral Home has had a long history here.

In 1886, Joseph W. Staples went to work for Camp and Son who were "furniture dealers and embalmers," and conducted their business where Kreim's Furniture

Store is now located at 84 Galena Ave.

Staples was associated with the Camps until 1903 when he opened his own establishment which he operated until his death in 1942.

Moved in 1940

The business was moved to the Third Street location in 1940.

In 1927, Buckley, who was born and raised at Maytown, and who was a graduate of the Worsham College of Embalming became associated with the Staples Funeral Home.

After Staples' death, Buckley actively managed the mortuary until the death of Mrs. Staples in 1948, when he became the sole owner.

The Allen group of mortuaries also includes the Allen Funeral Home in Sterling and the Wheelock-Allen Funeral Home in Rock Falls.

Group Spokesman

A spokesman for the development group said most people work on the Southside of the city although most recent apartment house building has been on the Northside.

He pointed out that because of this the city's bridges are now taxed to capacity to carry rush hour traffic and this makes the West Third Street location a good site for an apartment building.

Suit Against Landowners Tossed Out

BATON ROUGE, La. (AP) — A federal judge has thrown out a Justice Department suit against Louisiana plantation owners accused of evicting Negroes for trying to vote.

U.S. Dist. Judge E. Gordon West of Baton Rouge said property rights are sacred and the Voting Rights Act is "flagrantly violative of the Constitution."

The 34-page typewritten decision was filed Friday in the first court test on the voting intimidation section of the Voting Rights Act.

Judge West, a frequent critic of civil rights decisions, said even if he is wrong about the Voting Rights Act being unconstitutional, the government had failed to prove its case against the landowners.

The judge set aside a temporary restraining order issued in December to prevent the West Feliciana Parish landowners from evicting tenants until a decision was reached.

During the trial in December, several Negro sharecroppers testified they were forced to move from their tenant farm houses because they registered to vote.

Name Dixon Hub-City in Mental Health Sub-Zone

SPRINGFIELD — Dixon has been designated as the "hub-city" in the three-county subzone of the mental health zone of Rockford which covers 10 counties.

The sub-zone includes Lee, Whiteside and Carroll counties.

There are eight such mental health zones in the state which were first divided into 70 sub-zones, with populations which ranged from 75,000 to 200,000.

Each subzone was determined on the basis of previous cooperative efforts in the health and welfare fields, according to Dr. Leo Levy, division director of the Department of Mental Health's Planning and Evaluation Services.

In each subzone, a hub-city was suggested on the basis of trading relationships and other factors making it a logical location for mental health services.

In 1963, the Lee Mental Health Clinic, 123½ Galena Ave., was

established and has operated on a non-profit basis providing psychological services for people in the county and basing fees on their ability to pay.

The clinic operates two days a week under acting director William Gould, consulting psychologist, and Dr. W. S. Ryback, consulting psychiatrist.

The clinic has recently been advised that a state aid grant has been approved.

A clinic spokesman said the clinic expects to expand its services to include Whiteside and Carroll counties, but specific details have not been worked out.

Yale Professor Challenges U.S. Threat

LONDON (AP) — Staughton Lynd, the Yale professor threatened with loss of his passport for going to North Viet Nam, said today he flew to London to demonstrate every American's right to travel freely throughout the world.

Lynd, who arrived Friday to take part in a television program as guest of the British Broadcasting Corp., is staying with a friend here.

In an interview, Lynd said the State Department had warned him of the possibility of having his passport withdrawn. But he said the letter informing him had not reached him by the time he left for London from his home in New Haven, Conn.

Lynd, an assistant professor of history, appeared Friday night on a BBC television panel show with British politicians and authorities on Viet Nam. Lynd told of his visit to Hanoi at the height of the U.S. peace offensive.

Everyone Gets Peek at Moon—Except Soviets

MOSCOW (AP) — Photos sent from the moon by the Soviet Union's Luna 9 were seen today by newspaper readers almost everywhere except in the Soviet Union.

Soviet officials continued to withhold the pictures from public view. Instead, Soviet newspaper readers saw such headlines as "Dream Coming True" and "We'll Be Seeing You, Moon!"

Withhold Pictures

Papers also published pictures of two pennants aboard the spacecraft and photos of the moon taken through telescopes on earth, but gave no indication when the close-up photos received from Luna 9 would be released.

The Soviet military newspaper Red Star disclosed that the spacecraft had landed slightly off target after its 3½-day flight but gave no further details.

Luna 9's radio began transmitting photographs of the rock-strewn landscape after the unmanned spacecraft made history's first soft landing on the moon Thursday night.

The British observatory at Jodrell Bank intercepted the signals, fed them through a newspaper's Wirephoto equipment and converted the dots of light and shade into sharp pictures that were then relayed to much of the world.

Sensational Shots

Sir Bernard Lovell, Jodrell Bank director, said the pictures

were "quite sensational." He indicated he was puzzled that Soviet officials released some information on them but did not publish the pictures themselves.

"I don't know the reason for that," he said, "but it is slightly strange in that they have taken the trouble to announce the frequency and transmitted on standard scanning lines."

Lovell said it was possible the Russians deliberately intended to have Jodrell Bank's sensitive, 250-foot-wide radio antenna pick up the photos. "I doubt if the Russians are getting better pictures," he added.

The huge, saucer-shaped radio telescope monitored three

Repairs to Constitution To Be Taken With Care

By DON OAKLEY

It's a long time until Halloween, but plenty of ghosts will be abroad in Washington when Congress begins debating President Johnson's proposed constitutional amendments for reforming the Electoral College and changing congressmen's terms in the House of Representatives from two to four years.

The ghosts, of course, are the spirits of the Founding Fathers, which inevitably will be called forth to do double duty on both the pro and con sides of the issues.

There is no argument that the Electoral College has never served the purpose it was intended to—that of a buffer between the presidency and the passions of the mass citizen whom the framers of the Constitution so greatly distrusted. Today its balloting is a mere formality, a ceremonial ratification of the popular vote in each state.

The President's amendment would make that ratification mandatory, thus removing the theoretical freedom that now exists for an elector to cast his vote for whomever he chooses. But it would not remove the possibility of a candidate being elected with a minority of the national popular vote.

This happened twice in the last century. Rutherford B. Hayes in 1876 and Benjamin Harrison in 1888 were minority presidents who were elected because they carried the states with the majority of the electoral votes.

Only outright abolition of the Electoral College would eliminate this danger. It has been proposed more than once, but Congress, for a variety of reasons, has always resisted making this drastic break with the past.

There is also little argument that a two-year term for House members is too brief today, when a congressman's job becomes ever more complex and time consuming.

Yet to elect the whole house to a four-year term concurrent with that of the president, as President Johnson proposes, would remove an important check and balance which, unlike the Electoral College, has functioned in practice—not always well, but it has functioned.

Electing half the house to a four-year term with the president and the other half two years later has been suggested as a compromise, yet this may actually be going to the other extreme.

Voters are notoriously antiadministration in off-year elections and it may be just as well that the efforts of a "punitive" vote now endure for only two years.

The President has raised questions which are fundamental to the nation's political machinery and consequently not easily or lightly to be decided. Any advice from the shades of the Founding Fathers would indeed be greatly appreciated.

In the final roll call, however, the nation's living representatives must be guided by their own wisdom and their own judgment of what is best, not for themselves, but for the more perfect functioning of a government that is of the people, by the people and for the people.

Another Walk in Space

Dear Ann:

By ANN LANDERS

Dear Ann Landers: It is apparent from your advice to the young fellow who worked in the ice cream shop that YOU have never worked the employee side of the counter.

This poor kid was exasperated because people came in and asked what flavors they had (they had 28) and when he finished rattling them all off they said, "Oh well, I'll take vanilla."

He was sure they did it to annoy him and he wanted a snappy answer. You told him customers don't come in for snappy answers — they come in for ice cream.

As a person who has waited on the public for 28 years I can tell you that there are a lot of mean, miserable creeps in this world who take out their hostility on clerks, waitresses, and folks who can't tell them where to head in.

My first job was jerking sodas. I was 16. My boss told me that whenever I encountered a rude, arrogant, demanding person I should be courteous because that person was probably mad at somebody he couldn't talk back to and I was the substitute. His advice has helped me stay ulcer-free and reasonably sane. Please pass it on to others who have to take a lot of lip on the job.

— SMILING SAM

Dear Sam: You were lucky to have such a wise boss. And cheers to you for following his advice. But—little red choo-choo runs both ways.

While it is true that customers are often nasty, clerks can be pretty miserable, too. And the reason for the unpleasantness frequently has nothing to do with the encounter.

Dear Ann Landers: I am so disgusted with my parents I don't know what to do. Let me start by telling you that I am a 15-year-old girl. My parents got a divorce two years ago. I begged them not to, but they did anyway. I live with my mother.

Dad is over here at least three nights a week. When he is around mom talks in a fakey voice like she is on the stage. I have caught them necking on the sofa a few times and it is just nauseating.

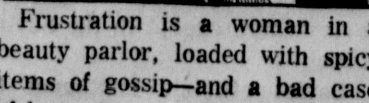

Yesterday mom told me that the three of us are going to take a weekend trip. Dad has to go to Philadelphia on business. I think it is disgraceful. After all, they are NOT man and wife anymore. Should I tell them I am not going on a trip with them unless they get married?—SMARTER THAN I LOOK

Dear Smarter Than: If you are really smart you will play dumb. It is not your place to tell them anything.

In time your parents will probably remarry—which is the way they should have stayed to begin with.

Dear Ann Landers: We recently

BERRY'S WORLD

Buying 'On-Time' As Way Of Life Has Problems

Buying "on time" has become a way of life in our society. Of the millions of transactions of this type entered into every year, certainly a very small per cent ever become the subject of litigation.

Among other problems which arise when there is a breach of the agreement is the question of

what rights the buyer has in the goods. Also, what can the seller do in reclaiming the item or in obtaining the balance due him under the contract?

Contracts Generally

Like most contracts an agreement to buy goods "on time" imposes an obligation on each party, and when one party fails to perform his part of the bargain the other person can exercise the rights given him under the agreement or otherwise provided by law. Ordinarily we think of a breach in an installment contract in terms of the buyer failing to make payments when due. Occasionally, however, the buyer may have a separate legal right against the seller, such as when the goods do not perform as promised.

Retail Installments

In Illinois the Retail Installment Sales Act, enacted in 1957, creates some exceptions in time sales agreements from the ordinary contract. By imposing certain restrictions on the holder of the agreement, who may be the seller or a financial institution, the Act attempts to protect the buying public.

This Act covers any agreement made in Illinois for the purchase of goods, other than for a commercial or business use or for resale, where payment is to be made in two or more installments and title to the goods, or a lien on them, is retained by the seller. This would include the ordinary purchase of goods on time such as automobiles, home appliances, furniture and other consumer items.

Among other matters covered under the Act are: (1) the size of type in which the contract must be printed; (2) a requirement that the contract must contain certain

language cautioning the purchaser to not sign without reading it or if there are any blank spaces, the right to pay in advance the full purchase price and obtain a partial refund of the finance charge and under certain conditions to redeem the property if repossessed for a default; and (3) a provision that the contract must contain the cash sale price of the goods, amount of down payment, and other specific amounts to be included in the contract.

A buyer may request a written statement of the dates and amounts of payments and the total amount unpaid under such contract, and the holder of the contract must provide this information. When payment is made in cash he must give the buyer a written receipt for payment. It also sets up certain requirements regarding repossession of goods and the rights and obligations of both parties.

It should be remembered, however, the provisions of this Act are intended to protect buyers from the relatively few merchants who resort to sharp practices. When a buyer has failed to keep up the payments he must expect the consequences of losing the items through repossession, a judgment for the amount plus court costs or perhaps loss of the goods plus a "deficiency" resulting from a re-sale of the goods for less than the amount due.

The best protection against being placed in this position is knowledgeable buying practices. Where an economic change in the family indicates problems of this type are approaching it is good preventive law to consult with the merchant, a financial counselor, or your lawyer.

Aviation Spokesmen Oppose Cut in Federal Airport Aid

WASHINGTON, D.C. — Fifteen national organizations, representing those primarily responsible for operating, using and constructing U.S. public airports, today issued a joint statement expressing serious concern with the Presidential Budget Message proposal to "rescind" \$21 million of Federal airport aid already appropriated by the Congress for FY in 1967.

"This proposed cut, the group stated, would seriously delay or eliminate a number of airport projects already beyond the planning stage and would jeopardize the progress being made toward the completion of a national system of airports.

"The development of a national air transportation system will be seriously impeded by cutbacks

in Federal funds to assist communities in developing more adequate, more accessible and safer airports," the spokesmen said.

"Expanded, improved and new airports are essential to the development of the business and commerce of every community in the nation for maintaining the national defense and for providing assistance in times of natural disaster or emergency. The local public airports themselves can't supply all the needed funds," they added.

Short of Need

The Administration's proposal falls far short of meeting the need shown by an independent National Airports survey of U.S. publicly-owned airports and released today by the Airport Operators Council, the American Association of Airport Executives and the National Association of State Aviation Officials.

The results of this survey indicate that an average of \$157 million of Federal funds will be needed annually for the next four years to complete the necessary airport construction program. This will augment the \$1,327,750,000 which the State and local public agencies operating the airports anticipate they will be able to raise.

The Federal funds would be used primarily for construction of landing area items which will increase the airport safety factor and not for passenger or cargo terminal facilities.

Mount Morris Church Notes

MOUNT MORRIS — The following events are scheduled in the Methodist Church here today through Wednesday:

Today — Cub Pack 333 will hold its Blue and Gold Banquet at 6 p.m. in the church dining hall.

Sunday — Church school will be held for all age groups at 9:30 a.m. Sunday morning worship at 10:45 a.m. Also at 10:45 a.m., the primary mission group will study with Mrs. Florence Findley, leader. A meeting of the executive committee of the church will be held at 3:30 p.m. Junior mission study will also meet at 3:30 p.m. MIF will meet at 5 p.m. and MYF at 6 p.m. All-church missions study course will be held at 6:45 p.m.

Wednesday — Don McMorris will speak on "Christian Imperatives" at 7 p.m. in the church.

The survey emphasizes that, for every Federal dollar invested in airport development, incentive is provided for at least three dollars of capital investment by local, state and private sources.

The survey shows, further, that there is a national need for about \$2 billion of construction funds over the next four years to improve and expand existing airports and to build new airports to meet the rapid growth of modern air transportation. This includes the cost of construction, extension and improvement of runways, taxiways, airport lighting, as well as provision of terminal facilities for passengers and cargo.

Approximately 1,800 of the 3,600 publicly-owned airports planned improvements or expansion during the four year period, 1966-1969, the survey revealed. These airport improvements are required

Area Students On Southern Dean's List

CARBONDALE — Southern Illinois University has named five area students to the Dean's List for scholastic excellence during the fall semester.

Lee County students named were Patricia A. Sherrard, 125 W. Division, Amboy; Robert W. Glaser, Rt. 1, Ashton, and William L. Burke, Rt. 1, Franklin Grove. Ogle County students named were Wayne E. Deyo, Rt. 3, and Robert D. Hewes, 611 W. Mason St., both of Polo.

SIU's Dean's List includes only undergraduate students with grade averages of 4.25 (B-plus) or better while carrying sufficient class loads to be considered full-time students.

ATHENS, Greece (AP) — More than 8,000 Greek teachers began a wage strike today that virtually paralyzed Greece's 1,100 high schools with 350,000 students.

Education Minister Stelios Alamaniis called the strike unjustified. He said legislation on increasing teachers' salaries is pending in Parliament.

The strike was another in a series of walkouts that has hit Greece in the past three weeks.

Although municipal clerks returned to work two days ago, city garbage collectors stayed out. The city replaced them when tons of garbage mounted on city streets uncollected, creating a health hazard.

Bakers, on an indefinite strike, have been replaced by military and police to avert a bread shortage.

Bus lines resumed operations, but drivers and ticket collectors threatened another walkout if negotiations for pay raises collapse.

Trolley employees, conscripted when their strike paralyzed public transport, pressed the government for a solution to

captured, 582 suspects detained, a spokesman said, adding that 75 per cent of the suspects have been established as either Viet Cong or highly pro-Viet Cong.

There is no estimate of the number of wounded dragged away by the Viet Cong. Some officers said they thought there must have been at least 1,000. They added that wounded Viet Cong in the jungles often turn out to be "killed in action" for lack of care and medicine.

UAW Official Asks Moratorium On Discharges

CHICAGO (AP) — A United Auto Workers official has asked employers of UAW members to declare a 90-day moratorium on the practice of discharging workers whose wages have been garnished.

About 2,500 workers are discharged each year in the Chicago area for this reason, Robert Johnson, UAW regional director, said in a telegram sent Friday to companies which employ members of his union. At a hearing Friday of the Mayor's Committee on New Residents, Johnson urged in a statement enactment of state laws against credit abuses.

Support for such legislation also was tendered by Illinois House Speaker John Touhy, D-Chicago, who said he and Gov. Otto Kerner would back a committee program against credit abuses.

Senate Republican Leader Russell Arrington of Evanston suggested establishing a bipartisan committee of state legislators to review solutions to credit problems and to offer recommendations at the regular legislative session in January 1967.

Dixonite Is Charged

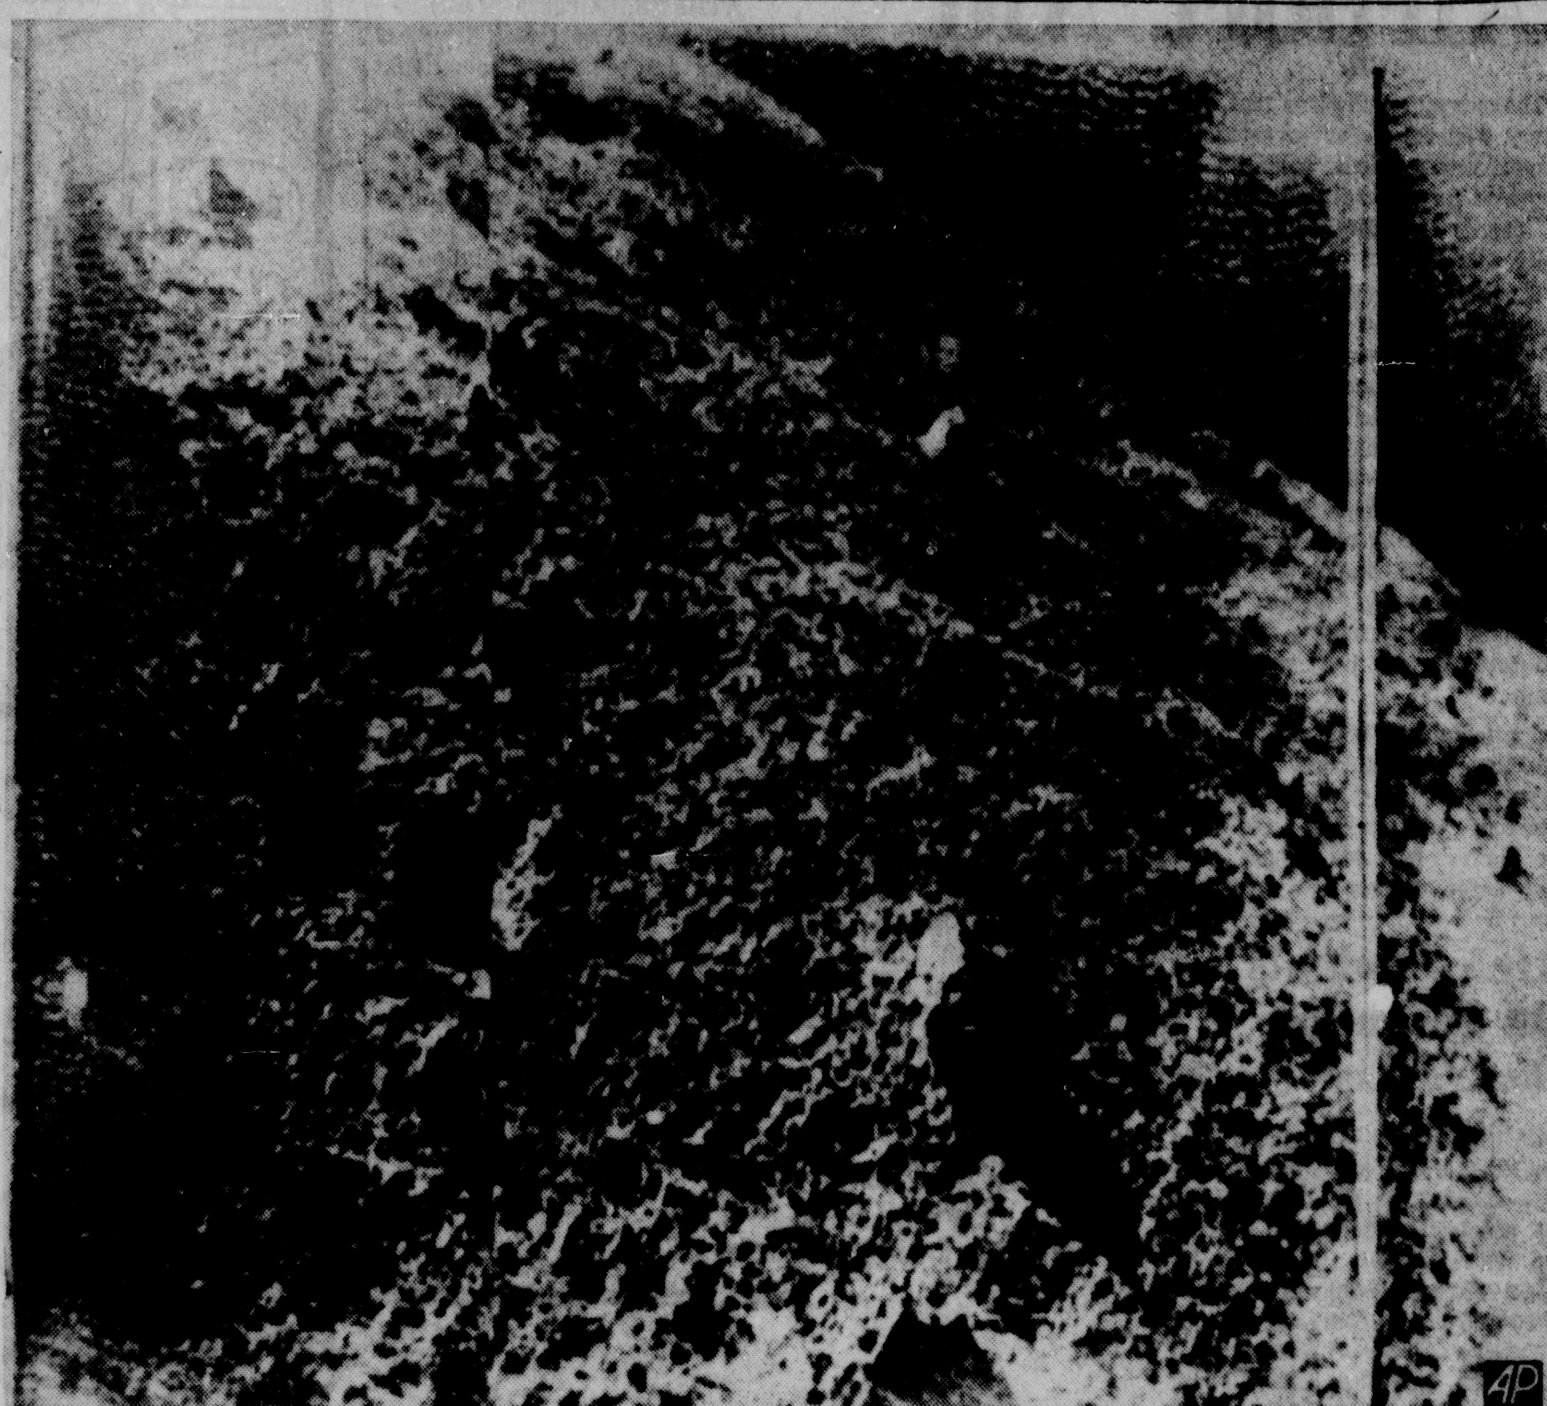

Samuel G. Henley, 73, 1918 Third St., Friday was charged with disregarding a flashing light at a school crossing.

Henley was ticketed in the 500 block of Galena Avenue.

Koreans Hurt

SEOUL, South Korea (AP) — At least six Koreans were injured today when about 350 striking Korean employees of a U.S. Army engineer unit clashed with military police armed with bayonets at Mun-san, 20 miles north of Seoul. The military policemen fired tear gas and used rifle butts to disperse the strikers, an Army spokesman said. Three Koreans sustained bayonet wounds, he added.

Moon's Surface as Pictured From Soviet Spaceship
This is a picture of the surface of the Moon taken by Soviet spaceship Luna 9 and compiled from taped signal monitored at Jodrell Bank, England, Friday and reproduced on facsimile machine supplied by the British newspaper Daily Express.

complete pictures in 45 minutes. The fourth was of poor quality.

Lovell said Luna 9 apparently was landed so it would be in sunlight for 14 days. Transmission could be expected over that period, he said, but it was not known what would happen after the equipment package was plunged into the lunar night.

Lovell said the first few photographs "tend to confirm the view that the moon's surface is hard, sponge-like and of a pumice stone substance. It would be perfectly satisfactory, not only for the landing of men, but for heavy vehicles."

The scientist said that the dust on the moon's surface seemed to be only a few inches thick in the area photographed. In Tucson, Ariz., Dr. Gerard Kuiper, chief U.S. experimenter on moon shots, said it was good to hear that the dust was not deep.

"We don't have to worry about this any more," he said, but added that the jagged lava-like surface was nothing like earth. "No one is going to walk very far on this," he said.

Another U.S. scientist said the photos of that part of the moon were not typical of areas photographed by America's Ranger moon shots.

Dr. Eugene Shoemaker, a Ranger experimenter from the U.S. Geological Survey, said the photos show "substantially more blocky protuberances than any we saw with Ranger."

"I am surprised by the angularity of the blocks and of their abundance," he added. "If they are representative of the moon's surface it is a very great surprise indeed." Shoemaker said Luna 9 may have landed inside or just outside the rim of a crater.

America's Ranger 9 spacecraft transmitted 5,815 photos of the moon just before it crashed in a crater last March. Two previous Ranger flights sent a total of 11,000 pictures.

The first U.S. attempt at a soft landing is expected in May, and probably will require several tries. The U.S. program lacks much information about the failure of the four unsuccessful Soviet efforts that preceded the Luna 9 triumph.

Amboy Firemen Answer Call

AMBOY—Firemen were called to an apartment house at 626 E. Main St. at 4:50 p.m. Friday, when a motor on a furnace became overheated and caught fire. Residents noticed the furnace was making an unusual noise and called a service man who discovered the overheated motor. Damage was confined to the motor. There are three apartments in the building, which is owned by Mr. and Mrs. Howard Shaw.

Deaths and Funerals

Julia Jessie

Julia Jessie, 22, a former Dixon resident, died Jan. 29, following a short illness.

Miss Jessie was born June 30, 1943, here, the daughter of Richard and Julia Harding Jessie.

She was preceded in death by her parents.

Survivors include one brother, Richard, who is in the Armed Forces.

Funeral services will be held at 2 p.m. Monday in the Preston Funeral Home, with the Rev. R. S. Schultz, pastor of Second Baptist Church, officiating. Burial will be in Oakwood Cemetery.

Friends may call in the funeral home after 4 p.m. Sunday.

Mrs. Lena Belle O'Kane

POLO — Mrs. Lena Belle O'Kane, 88, North Cherry Avenue, a life-long Polo resident, died Friday night in Orchard Glen Nursing Home, Dixon, where she had been a patient for two weeks.

Mrs. O'Kane made her home here with Mr. and Mrs. John Davis.

She was born near here Aug. 19, 1877, the daughter of Lorenzo and Mary A. Hays Wendle.

She was married Sept. 20, 1900, to Miny O'Kane, who preceded her in death. She was also preceded in death by six brothers and three sisters.

Survivors include her daughter, Mrs. John Davis of here, two grandchildren and four great-grandchildren.

Funeral services will be held at 2 p.m. Tuesday in the McNabb Funeral Home here, with the Rev. Allen Juenger, pastor of the St. Mark's Lutheran Church, officiating. Burial will be in Fairmount Cemetery.

Friends may call in the funeral home from 2 to 4 and 7 to 9 p.m. Monday.

Mrs. Marvin Busche

Mrs. Marvin (Bette) Jane Busche, 603 N. Spring St., Elgin, died Friday in St. Joseph Hospital, Elgin.

She was born here, the daughter of Mr. and Mrs. George G. Ortgiesen.

Mrs. Busche was married to George Edward Trey of Dixon and Monroe Rohne, Elgin, both of whom preceded her in death. Survivors include her children, Mrs. Barbara Trey Donahue, Bensonville; Robert J. Trey, Elgin; Richard A. Trey, a member of the Armed Forces; Charles Rohne, at home and Sandy and Terry Busche, both at home; her husband, Marvin Busche; her parents; two sisters, Georgia Ortgiesen and Mrs. John Rock, and a brother, Edward, Dixon.

Arrangements have been completed at the Schmidt Funeral Home, Elgin, and burial will be at Elgin.

August J. Onken

NELSON — August J. Onken, 81, of here, died early today in KSB Hospital, Dixon.

He was born Jan. 20, 1885, in Germany, the son of John and Margaret Onken.

Mr. Onken worked for many years here in the roundhouse as an employee of the Chicago and Northwestern Railroad.

There are no immediate survivors.

Funeral services will be held Monday at 10 a.m. in the Allen Funeral Home, Dixon, with the Rev. Ralph Wilson, pastor of the Harmon Methodist Church, officiating. Burial will be in Nelson Cemetery.

Friends may call in the funeral home after 2 p.m. Sunday.

Milton I. Leydig

Milton I. Leydig, 81, a former Dixon resident, died Jan. 20, at Sacramento, Calif.

Mr. Leydig was born Aug. 4, 1884, at Shanksville, Pa., the son of Jonathan and Mariah Miller Leydig.

He attended school here after the Leydig family moved to Dixon in 1887.

He was a superintendent of mines at Leeds, S.D., and, later, at Butte, Mont. After his retirement, he moved to Sacramento.

Mr. Leydig was a life-long member of the Lutheran Church, a member of the Masonic Lodge for 60 years and various mining organizations.

He was preceded in death by four brothers and three sisters. Survivors include his widow, the former Lelia Higgins; a son, Dr. Stanley M. Leydig, St. Louis, Mo.; a daughter, Lelia Schroeder, of California; three grandchildren; and a sister, Mrs. Frank W. (Ella) Brooks, Amboy.

Funeral services were held at Sacramento, Jan. 23.

Dixon Man Is Arrested Friday

William C. Williams, 43, 915 Cooper St., Friday was arrested for disorderly conduct.

Williams was charged for "behaving in such a manner as to alarm another," on a complaint signed by police.

The alleged incident occurred at Williams' home.

ever, that the meetings are not going to be the prelude to any major shift in military policy such as some of his critics have been demanding.

"That is not anticipated at all," he said. "I wouldn't anticipate... making any changes one way or the other." But he added: "I wouldn't say that we wouldn't learn some things from the meeting that would cause us to either improve the situation or strengthen it."

The fact that Johnson is being accompanied by Freeman and Gardner — as well as Rusk and McNamara — drew applause from Senate Democratic Leader Mike Mansfield of Montana.

Mansfield, principal author of the grim report on the war which touched off congressional debate on Viet Nam, said Johnson was taking the initiative in "doing all we can in the fields of health, education and agriculture for the people of South Viet Nam."

Sen. Allen J. Ellender, D-La., chairman of the Senate Agriculture Committee, said he wishes the President good luck but he doubts "he will be able to accomplish very much with the South Vietnamese leaders."

Sen. Wayne Morse, D-Ore., a persistent critic of Johnson's course in Asia, commented that "it would be better if he went to the United Nations — that is the only place left for the settlement of this war."

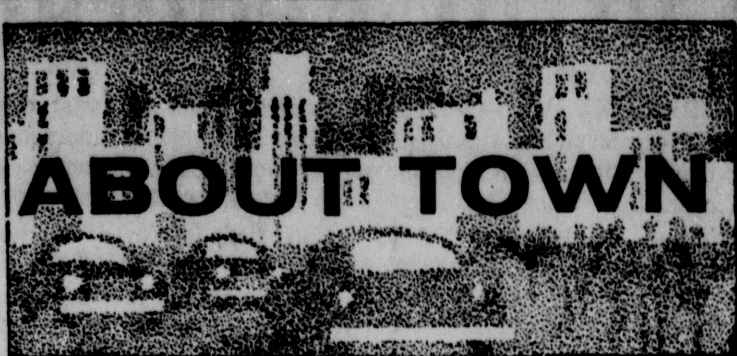

Announce NI Gas Rate Cut

CHICAGO (AP)—A reduction in rates for some 900,000 customers totaling \$2,200,000 a year has been announced by Northern Illinois Gas Co.

A spokesman for the utility said Friday the reduction will save average families about \$1.30 a year. It will be effective with the March billing.

The reduction was the result of a decrease in what Northern Illinois pays for pipeline gas and of refunds on a previous rate reduction.

The utility serves all northern Illinois but Chicago.

Men Enter Innocent Pleas Friday

OREGON—Two men reportedly victims of each other in a feud over a woman appeared before Associate Judge Helen Rutkowski Friday and pleaded innocent to attempted murder charges.

Jerry Carroll, 22, DeKalb, pleaded innocent to attempted murder charges brought against him after he allegedly shot at his former friend, Henry Dean, 29, a bartender at Welcome Inn, Hillcrest, from the door of the bar.

Dean was also charged with attempted murder for allegedly shooting at Carroll on a Rochelle street, Jan. 6.

Trial dates for Carroll and Dean were set for March 14 and April 26, respectively.

Episcopal Bishop's Son Is Found Dead

NEW YORK (AP) — Police say a youth identified as the son of Protestant Episcopal Bishop James A. Pike of California killed himself in a Manhattan hotel.

Papers on the body identified the victim as James A. Pike, 22, of San Francisco. He was shot to death in his sixth-floor room at the Hudson Hotel Friday.

News of the death was withheld from Bishop Pike until he had completed an address to the annual convention of the Episcopal Diocese of California, which he heads.

When told he leaned forward and said hoarsely, "Oh, my God!" He quickly regained his composure and said later, "I just don't understand it. The boy seemed reasonably happy."

A spokesman said, "The bishop believes it almost inevitably certain that the dead boy is his son."

The bishop and his son had returned from England Wednesday. Pike continued to California for the convention and the youth stopped in New York to spend a few days.

Police said the youth's body was found by a bellboy at 1:45 p.m. Friday. He had been shot in the head with a 30-30 rifle found by the body. A first shot apparently missed and struck the ceiling.

Officers said the youth left a long, rambling suicide note that ended with the words, "Goodbye, goodbye." They declined to reveal the contents of the note.

Administrator Of Will Named

OREGON — Associate Circuit Judge Helen M. Rutkowski Friday issued letters of administration to Ellis Scholl, Polo, for the estate of Charles W. Scholl, who died Jan. 7. Personal property was estimated at \$30,000.

Gyros To Meet

The Gyro Club will meet Monday at 8:30 p.m., in the Nachusa House.

Ohio District Gets Funds for Kindergarten

OHIO — Illinois Superintendent of Schools Ray Page announced recently \$6,940.18 had been awarded to the Ohio Grade School District to pay for a 10-week kindergarten program.

The project is planned to meet the needs of the children who will be entering first grade next year. The 10-week program, with Mrs. Carolyn Anderson as instructor, will begin March 7 and conclude May 20. The hours will be from 8:40 a.m. to 11:15 a.m. for at least 30 students.

A room not presently being used by the high school has been obtained for use in this program. It will be necessary to make adjustments in the room to meet the needs of the class and to purchase a variety of instructional materials, equipment and furniture all of which will be provided by the federal grant. The salary of the instructor and the transportation of the pupils will be handled in like manner.

C&NW Agent To Speak at Dixon Rotary Meeting

D. L. Gunvalson, division freight agent, Chicago and North Western Railway Company, will address the Rotary Club at noon Monday, at the Nachusa House.

Subject of Gunvalson's talk will be the effect on Dixon and Illinois of North Western's proposal to acquire control of the Chicago, Rock Island & Pacific Railroad. Interstate Commerce Commission hearings on the competing North Western and Union Pacific applications to acquire the Rock Island are scheduled to begin in Chicago March 7.

The North Western has operated in Illinois more than 100 years. It has 922 miles of road in this state and employs 5,844 persons on a payroll of more than \$43,100,000.

166 Attend First Pork Producers Banquet Monday

AMBOY — One-hundred and sixty-six persons attended the First Annual Pork Producer's Banquet in the Farm Bureau building here Monday.

Association Program by Dancers

"Two Go Dancing," a performance of classic and popular dances by Michael Maule and Colleen Gorkre, will be sponsored by the Sterling-Rock Falls Community Concert Association at 8 p.m. Wednesday in the Rock Falls High School auditorium.

Members of the Dixon Civic Music Association are eligible to attend the program as the result of a reciprocal arrangement made by the two organizations.

Mr. Maule has danced with the New York City Ballet, the American Ballet Theater and the London Festival Ballet, and has performed as a partner with such celebrated ballerinas as Maria Tallchief, Melissa Hayden, Dame Alicia Markova, Alexandra Danilova, Nora Kaye and Violette Verdy. As a choreographer, he has made important contributions to numerous television and London Festival Ballet productions.

Miss Gorkre has appeared in leading dance roles in the musicals, "Oklahoma," "Brigadoon," "South Pacific" and "My Fair Lady." As a team, Miss Gorkre and Mr. Maule have completed successful tours in Europe and South Africa, and have been featured dancers at Radio City Music Hall in New York City and the Bermuda Ballet Festival.

Miss Joan Watson, celebrated actress who has participated in Broadway shows and is a former member of the Helen Hayes Equity Company, will be narrator for the dancers' program which will include ballet, ballroom dancing and their satirical interpretations of dances popular in past years.

Travel Club Program by Miss Thompson

Scenes visited on her recent tour of the Holy Land were included in movies shown by Miss Marie Thompson at Tuesday night's Dixon Travel Club meeting in Loveland Community House.

Miss Thompson's color pictures depicting areas of Cairo, Lebanon, Damascus, Luxor, Israel, Jordan, Jerusalem and Bethlehem were accompanied by Biblical references and a description of experiences during her travels.

The entertainment was arranged by Mrs. Ethel Mensch who was assisted in serving refreshments by Mrs. William F. Ferger Sr., and the next meeting was announced for March 1 in Loveland House when co-hostesses will be Miss Lorraine Missman, Miss Ruth Chiverton and Miss Alice Sheller.

Convention Is Attended by Unit Members

Mrs. Pearl Blackburn was re-elected treasurer at Wednesday's district convention for World War II Mothers Units in the Methodist Church, Sterling.

Other convention delegates representing the Dixon unit were Mrs. C. W. Swanson, Mrs. Theodore Mason Sr., Mrs. Fred Leeper Sr., Mrs. Arthur Reynolds and Mrs. Charles Edous.

Corinthian Shrine Members Hold Recent 'Guest Night'

Mr. and Mrs. Lester Spencer, worthy high priestess and watchman of shepherds of Corinthian Shrine, White Shrine of Jerusalem, presided at the shrine's recent observance of "Guest Night" in the Masonic Temple when Frances Patrick, who serves as scribe, was guest of honor.

Ruth Ramsey, also an honored guest, was in charge of decorations for the ceremony which included arrangements of white lilies and orchids, and guests were registered by Flora Stitzel.

Guest officers included Parilee Grace, worthy high priestess; Duane Grace, watchman of shepherds; Gertrude Dickey, noble prophetess; John Townsend, associate watchman of shepherds; Mrs. Stitzel, scribe; Emma Grebner, treasurer; Mildred Townsend, chaplain; Harriet Wilson, shepherdess; Elma Spence, guide; Garnett Dinges, herald; Paul Spence, Earle Stitzel and Carl Kempf, wisemen; Donald Mathews, king; Lillian McCulloch, queen; Gertrude Youngman, Lola Byerhoff and Verna Harshman, handmaidens; Dorothy Long, organist; Lawrence Grebner, guardian; Earl Bastian, guard; Samuel Dickey, color bearer; Phyllis Schulte, Christian flag bearer; Grace Plock, banner bearer; Dan Fierheller, Nellie Hardesty, Gertrude Carpenter, Peggy McGregg and Mabel Gerdes, escorts, and Florence Bastian, courier.

Special guests introduced during the concluding portion of the ceremony included 15 supreme committee members, past worthy high priestesses and watchmen of shepherds.

A ceremony honoring new shrine members was announced for 8 p.m. Friday following a 4 p.m. stated meeting, and a special meeting was planned for 8 p.m. Feb. 25 when installing officers will be honored. A scramble dinner was also announced for a March 11 meeting when new officers will be elected, and an open installation ceremony was scheduled for March 25.

Refreshments were served following the ceremony from a table covered with a lace cloth over orchid linen and centered with an arrangement of orchids and lighted tapers in silver holders. Owl figurines, symbol of the current year, were favors for guest officers.

Anna Moats presided at the refreshment table, and members serving on the hostess committee were Jane Leeper, Mrs. Schulte, Mrs. Ramsey, Mrs. Hardesty, Mrs. Plock and Mr. and Mrs. Spencer.

Out-of-town guests attending the ceremony were from Jordan Shrine, Princeton; Capernaum Shrine, Freeport; Oriental Shrine, Davenport, Iowa; Star in the East Shrine, Aurora; Palestine Shrine, Morrison, and Oriental Shrine, Rockford.

Program for Phidian Club Is Given by Mrs. Earle

The atmosphere of a theater matinee was created by Mrs. John Earle when she presented a program entitled "The Play's the Thing" at Tuesday afternoon's Phidian Art Club meeting with Mrs. Richard E. McCarthy.

In a continuation of this year's observance of the club's 75th anniversary, Mrs. Earle referred to an 1897 program on Henrik Ibsen by Mrs. George Steel and chose that era as the beginning of her discussion on the theater and its growth.

Ibsen, the Norwegian dramatist who died in 1906, is noted for his achievement in developing a limited form of stage art prevalent in his time, and his plays, "The Dolls House," "Hedda Gabler" and "The Master Builder" dealt with social problems.

Mrs. Earle cited Pinero's play, "The Second Mrs. Tanqueray," as an example of modern English drama, and the trend it established was encouraged by Oscar Wilde, George Bernard Shaw and W. S. Gilbert. Early American drama depended on foreign actors and playwrights prior to the origin of the popular stock companies and minstrel shows, but the immediate success of such celebrities as Fanny Kimble, William Gillette, Maude Adams, Minnie

theater may depend to some extent on federal assistance and the acceptance of serious theater. Recent assistance has been responsible for the development of Lincoln Center and the Repertory Theater. Her comparison of authors and actors inspired Mrs. Earle to close her remarks by rephrasing the familiar Shakespeare quote to "the playwright's the thing."

Valentine decorations featuring a center arrangement of white pompons and miniature red hearts trimmed the tea table where Mrs. Dement Schuler presided at the coffee service when refreshments were served by Mrs. McCarthy and her co-hostess, Mrs. Bradley Nusbaum.

Meeting Is Conducted for Church Society

Valentine decorations trimmed the table arranged for a dessert luncheon which preceded Thursday's meeting for 48 members of the First Methodist Church Woman's Society of Christian Service in the church parlor.

Hostesses for the luncheon were members of the society's Rachel Circle, and guests were greeted by Miriam Circle members.

Committee reports were given during a business meeting conducted by the WSCS president, Mrs. Dawson Womeldorff, and a retreat to be sponsored by the Spiritual Life Department at Peek Home, rural Polo, was announced for Feb. 23-24. Reservations for the retreat are to be made by Feb. 13.

Reports were also given by Mrs. Robert Schumm and Mrs. Edward Altman on a recent district meeting held in Chicago, and a devotional service was led by Mrs. James Graham.

Mrs. Harold Huffman introduced the Rev. Lowell Eckberg, assistant pastor of the church, who showed a film based on the life of the Apostle Paul, and the next meeting was announced for March 3 in the church parlor.

smart-cuts for women

by Maggie Lovewell

What kind of woman are you? Can a person entering your home for the first time, tell? Do you reflect your personality with little intimate touches here and there? Even a limited budget makes room for necessities.

The few pieces of art could be reproductions of Masters . . . placed in a unique frame . . . matted on the same material as a throw pillow, slipcover or drape. A favorite color, worn by you, could be carried throughout in curtains, drapes, kitchen terries, drinking glass, dishes, throw pillows, bathroom accessories, etc.

A reputation for always wearing a smile or having a kind word for everyone, doesn't cost a penny! It brings the largest dividends when applied to members of your own family. Carefully examine your power as a woman . . . use it wisely!

Wait! Don't throw out that baby oil. Even if there is no "baby" at your house. Much to the chagrin of my teenager, her doctor recommended using it for a rash on her neck. She thought she was too old for baby oil . . . the following summer she mixed the oil with iodine to acquire a tan that was the envy of all her friends!

Take a tip from world famous fashion models . . . the one request to friends coming over from the states is "Bring me a bottle of baby oil!" They use a dot or two on eyelids to brighten the eyes and protect them under the hot lights as they pose. A few drops smoothed on elbows, knees, and at the corners of the eyes before going to bed and while out in the winter winds, keeps wrinkles and roughness away!

When the weather becomes severe, place a blanket underneath the bottom sheet on the bed. It will help to make a snuggler fit with the top covers, and also insulate against shivering air under the bed.

Warm leftover meat by placing it in a pressure cooker with three tablespoons of water. Allow steam to build up to the starting point, then remove from fire and allow pressure to subside.

Boil water and a piece of aluminum foil inside your steel or aluminum pots to take out stains!

TV Pilot Shows Get Big Chance

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — The selling season is on, here and in the think shops of Madison Avenue.

In hotel suites, boards of directors rooms and studio commissaries, decisions are being made that will determine what you and I will view in the way of television shows next season. A hundred or more pilots will be steering the shoals of unresponsive sponsors and uninterested networks.

Only one out of every four pilots will be chosen, the three networks having 22 hours of canceled programs to replace. Producers, creators and stars perch on the brink of millions of dollars, awaiting their fate.

Proposed Series Here are some of the proposed series the trade believes have good chances to be sold: "House of Wax," an hour version of the third horror picture from Warner Bros., starring Cesare Danova and Wilfred Hyde-White.

"The Sheriff," contemporary heroics in a small California town with Gilbert Roland and Jim Stacy.

"April Savage," a Western starring Robert Lansing, drop-out of "12 O'Clock High."

"Men Against Evil," cops-and-robbers stuff with Howard Duff, Jeanne Crain and Ben Alexander.

"The Jean Arthur Show" with her playing a criminal lawyer pitted against a prosecutor who happens to be her son.

Ann Sheridan "Pistols and Petticoats" featuring Ann Sheridan as a Calamity Jane type.

"The Tammy Grimes Show" — situation comedy.

"Mr. Terrific" with Alan Young as a Milquetoast who turns into a superhero.

"The Pet Set," Barbara Rush as a veterinarian, Jason Evers as her lawyer husband.

"Pursuit" — Telly Savalas on the run in a "Fugitive" — "Run For Your Life."

"Reckoning," Richard Beymer, Audrey Totter, Sidney Blackmer and seven other regulars in a serial of small-town life. Sound familiar?

"Jericho," an hour action-drama of World War II.

"The Girl from U.N.C.L.E." — enough said?

"The Rounders" with Ron Hayes and Pat Wayne in the movie roles played by Henry Fonda and Glenn Ford.

"From Here to Eternity," with Darren McGavin in the Burt Lancaster role.

"Iron Horse," which would return Dale Robertson to television as operator of a frontier railroad.

"The Voice of Gruber Hill," Kaye Stevens as operator of a small-town television station.

Clay, Terrell Sign for Bout

CHICAGO (AP) — Cassius Clay and Ernie Terrell signed Friday for a hurry-up heavyweight championship fight to be held in Chicago's International Amphitheatre Tuesday, March 29.

The signing came one week after the State of New York refused Terrell a license because of his association with Bernie Glickman.

Clay and Terrell, designated champion by the World Boxing Association, will go before the Illinois State Athletic Commission Tuesday for approval of the contract and the granting of an Illinois license to Clay.

Also appearing Tuesday will be co-promoters Irv Schoenwald and Ben Bentley to present plans for seating arrangements and scaling of the Amphitheatre which can accommodate about 15,000.

Schoenwald said he will shoot for a live gate of about one-half million dollars.

Mike Malitz, a spokesman for Main Bout, Inc., said the fight will be carried on closed-circuit television. Herbert Muhammad, son of Elijah Muhammad who heads the Black Muslim movement, reportedly owns 50 per cent of Main Bout, Inc.

Indications of a possible title bout in Chicago came Thursday when Terrell renewed his Illinois license. The Illinois commission asked Terrell if Glickman was his fight manager and when Terrell said "no" his license was renewed.

Terrell said Glickman was the booking agent for the fighter's night club act but he has since severed all relations with Glickman.

The March 29 date was demanded by the promoters instead of April 12 or 19 which the Clay camp wanted. The promoters, it was believed, wanted the early date so as not to compete with the opening week of major league baseball.

The signing was strangely subdued. Clay, who prefers to be called by his Muslim name of Muhammad Ali, hardly uttered a word, refused to make a prediction and said there will be no poems. In the past Clay has predicted the outcome of his fights in verse.

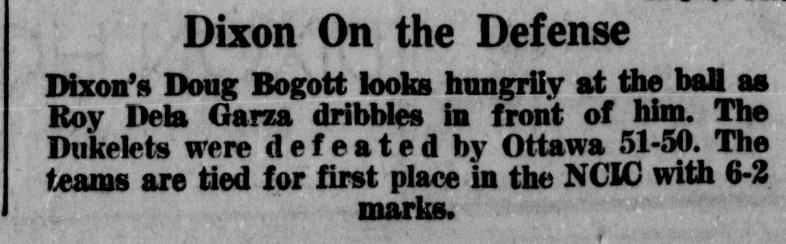

Following their appearance before the commission Tuesday, the two fighters will begin training. Clay plans to train in Miami Beach and Terrell in Pleasantville, N.J.

Clay will receive 50 per cent of the receipts and Terrell will get 20 per cent.

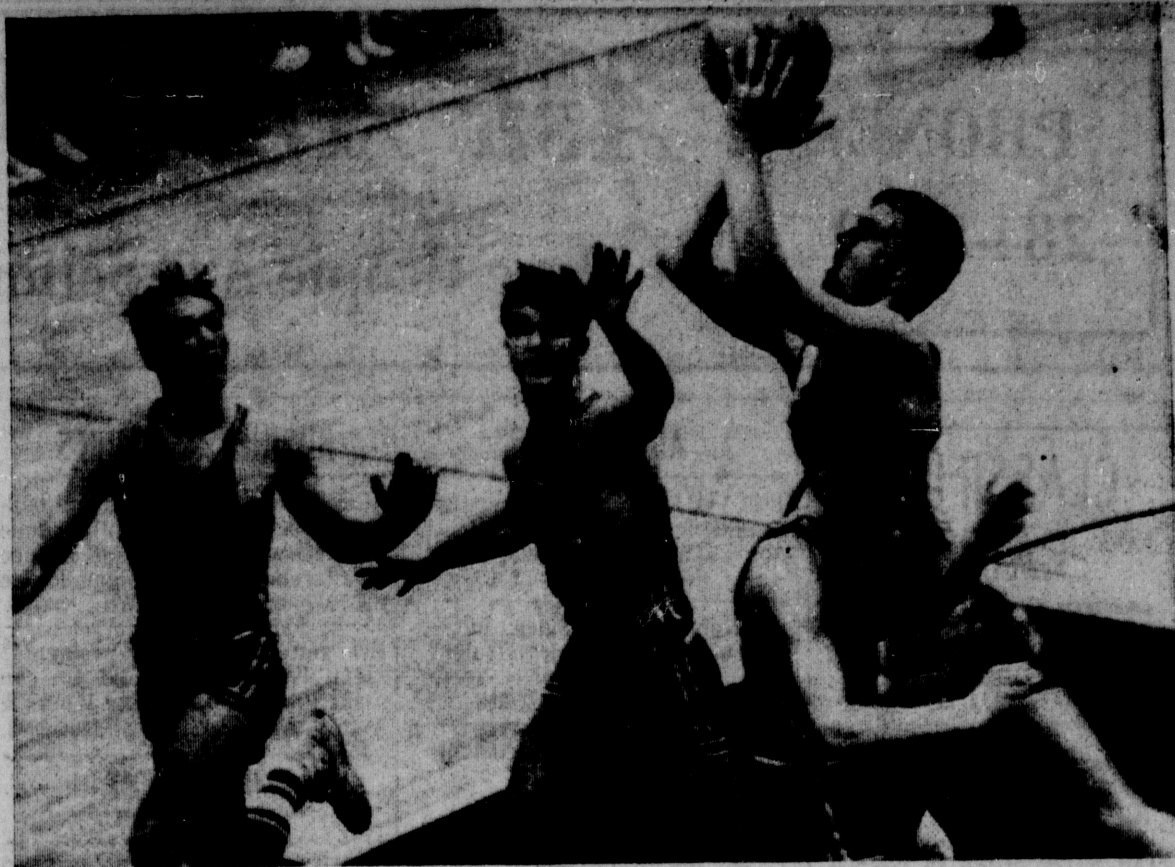

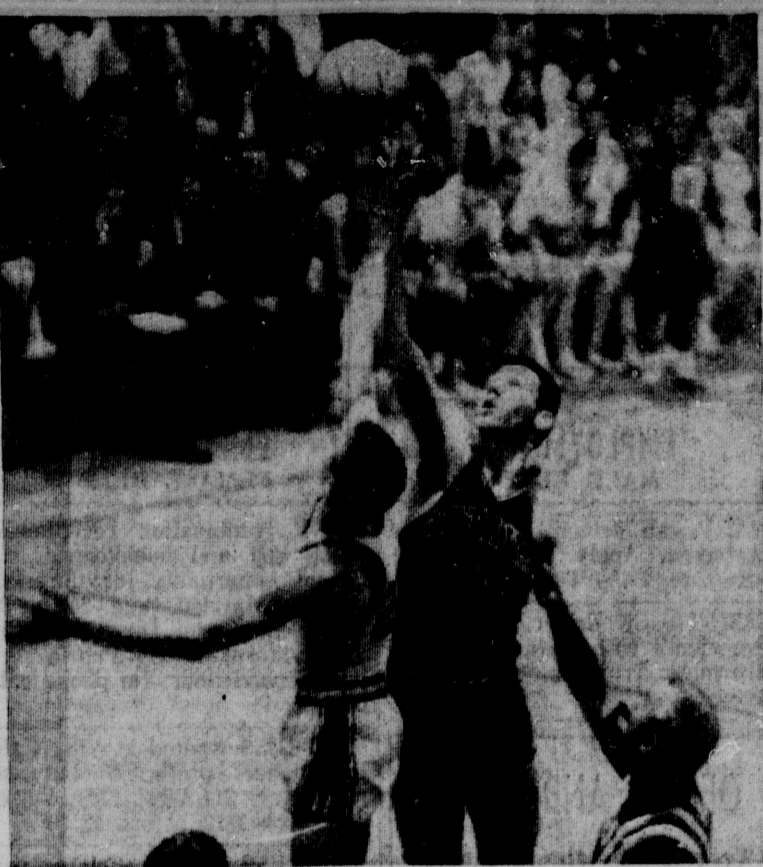

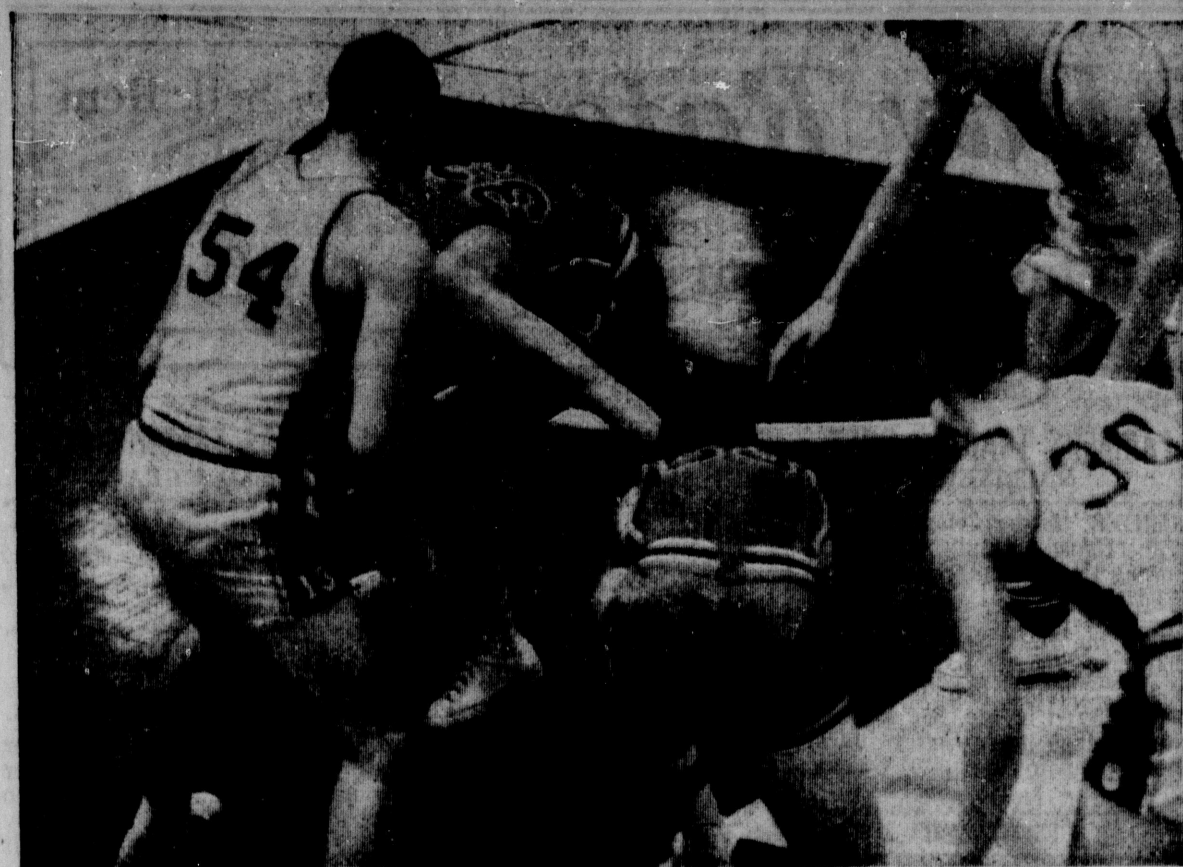

It will be a big day for Terrell whose chances of getting a shot at the title seemed highly remote because Clay's Louisville backers said the fight never would be held after Terrell was refused a license in New York.

Clay's attorney, Elmer Jacko, explained the sudden change in attitude by saying the Illinois commission's action fitted Clay's plans to fight frequently.

Only three players hit two National League home runs against Dodger Sandy Koufax during 1965. They were Dick Stuart of the Phillies, Mack Jones of the Braves and Cap Peterson of the Giants.

Dixon On the Defense
Dixon's Doug Bogott looks hungrily at the ball as Roy Dela Garza dribbles in front of him. The Dukelets were defeated by Ottawa 51-50. The teams are tied for first place in the NCIC with 6-2 marks.

Dukes Whip Tough Ottawa Squad, Keep 1st Place

The Dukes came through in fine style last night, winning a hard-earned NCIC victory over Ottawa, 63-55. Streater kept the pace by downing Sterling. The Dukes led almost all the way in the contest, but were threatened in the latter part of the fourth quarter. In the photo at the left it looks

like the players have taken time out to hunt for a lost contact lens. Players are—left to right—Rusty Cooper (54), Bob Burns (33), Bob Chalus (33), Mike Kopacz (30) and Paul Kopeck (20). In the center shot Kopeck strains for control of the tip with Ottawa's Chalus. At the right

Kopacz arches one toward the hoop amidst some Ottawa opposition coming from Steve Sipula (41), Charles Pfau (45) and Charles Hepner (13). Rock Falls, in second place behind the Dukes and Streater, also won last night.

Dixon Sinks Pirates at Charity Line

Ottawa Thwarts Dukelets To Tie for NCIC Lead

By BOB BRAUN
Telegraph Sports Editor

A clutch basket with 12 seconds left in the ball game by Ottawa's Randy Olsen left Dixon fans speechless and the Dukelets on the short end of a 51-50, score.

The win for Ottawa raised them a notch in the conference standings, as they tied Dixon with a 6-2 record. The Dukelets are now 8-5 overall.

The Dukelets had fought back from a 44-36 disadvantage with 4:30 left in the contest to tie the game 46-46 on Doug Bogott's two free throws. After that they led 48-47 and 50-49. The last advantage came on a 12-foot jumper by Bogott with 20 seconds left.

That set the stage for Olson's shot, as he coolly parted the cords with a long one-hander from the corner. The Dukelets got one more chance after that but missed it.

Bogott Scores 16
Bogott led Dixon scorers with

16 tallies; for the Pirates it was Olson with 24. Another big man in the Pirate attack was Ken Herington, who had a 15-point total and three baskets and four rebounds in the fourth quarter. The Pirates out-rebounded Dixon 27-22 but had 21 turnovers to Dixon's 11. The shooting percentages were close: Dixon shot 41 per cent from the field; the Pirates 45 per cent.

Coach Vail's men outshot the visitors from the field, but were outpointed at the charity line 13-8. The Purple and White jumped off to a 15-10 first-quarter lead, as Ron Koessler hit two fielders in the last 40 seconds of play.

Goaltending Called
But Ottawa rallied in the second quarter. Olson put the Pirates two back, 17-15, with two free throws, as the clock showed 4:00 left in the half. Koessler's basket with 2:40 left gave the Vailmen a 22-15 margin, but Ottawa hit three straight baskets and a free throw

to tie it up 22-22 with 7 seconds left. Goaltending was called as Bogott shot with a second left and the Dukelets enjoyed a 24-22 halftime advantage.

In the third period the Pirates doubled Dixon's point total, scoring 16 to Dixon's 8. Roy Dela Garza's two charity tosses gave the Pirates a 38-32 lead after three quarters.

Dixon scored six straight points in the last segment on lay-ups by Terrill and Koessler and Bogott's free throws. Dela Garza put Ottawa ahead 47-46 with a free throw and Herington's shot from down under made it 49-48 in favor of the Pirates.

When Bogott found the range with only 20 seconds left, the pressure was on the Pirates. But Olson's shot was good and the Dukelets went down to their second league defeat against six victories.

The Dukelets' next league duel will be next Friday night against LaSalle-Peru on the latter's court.

Illinois, having scored three of its four Big Ten victories on the road including a big upset at Michigan Tuesday, returns home today for a date with Ohio State's Buckeyes.

Paw Paw Rips Leland, 86-53

PAW PAW — With three players scoring over 20 points, Paw Paw Bulldogs racked up their sixth league victory of the season downing Leland 86-53 in a Little Ten Conference game Friday

Walnut Raps Galva, 71-59

WALNUT—Walnut's Blue Raiders gained their 10th consecutive victory and eighth South Blackhawk Conference win here Friday night stopping Galva, 71-59. Five Walnut players scored in the double figures.

The win was the Raiders' 16th over-all against three defeats — two in league play. Walnut is now one game behind league-leader, Wethersfield, who lost Friday, 57-55, to Princetonville.

Walnut and Wethersfield clash Feb. 18. The host Raiders pumped through 22 points in the opening period while Galva had 13. Walnut held a 39-34 halftime edge. Walnut outscored Galva in each of the last two periods.

Jim Harper and Dave Thompson both scored 14 for Walnut while Bill Lind and Dave Fritz each had 12. Gary Erickson contributed 11 points.

Don Nelson was tops for the losers with 14. Walnut also won the preliminary frosh-soph game, 44-36.

The Raiders host Manlius tonight for another South Blackhawk Conference game.

night. The Bulldogs have one loss in loop action and are tied for first place.

The Bulldogs were never in trouble as they pulled to a 12-point spread at the end of the first quarter, 25-13 then poured in 25 more in the second quarter while holding the visitors to just six.

Paw Paw added six more to the spread in the third period before Leland sliced four off the gap in the last quarter.

Charles Torman paced the Paw Paw scoring attack with 10 field goals and six free throws for 26 points. Gene Englehart closely followed Torman in the scoring department with eight field goals and nine free throws for 25 points.

Ron Kern of Paw Paw was the third Bulldog in double figures with 11 field goals for 22 points. Gene Olson was tops for the losers with 15 points.

Paw Paw also won the preliminary frosh-soph game 61-42.

The Bulldogs are idle tonight but return to Little Ten play Friday for a game at Somonauk.

Keeps Pace With Streater In NCIC Conference Race

By BOB BRAUN
Telegraph Sports Editor

The Ottawa Pirates had a perfect night from the charity line in the second half of last night's game with Dixon but it amounted to only one point in the scoring column. Ottawa had only one free throw opportunity in the entire second half.

The Dukes came through with 16 free throws in the second half to win the contest 63-55 and continue their hold on first place in the NCIC race.

In other conference games Streater had no trouble in downing Sterling 88-62 and Rock Falls trounced Mendota 75-58. Dixon and Streater are tied for first place with 7-1 records; Rock Falls is in second with a 6-2 mark. Dixon's only league loss was to Sterling by four points.

The Dukes played one of their finest games of the year in whipping the Pirates. Height was a major obstacle: Don Papineau, the Ottawa center stands 6-7 and two other Pirates are 6-3 and 6-4.

Cold Start for Pirates

Ottawa's ice-cold first quarter helped the Dixon cause considerably. The Pirates could only connect on 3 out of 19 shots from the field, while Dixon parted the nets for 8 out of 13 and took a 20-9 first-quarter lead.

This was in sharp contrast to the second half, when Ottawa out-pointed Dixon from the field 30-15. But the Purple and White took up the slack at the charity line and made good 16 of 20 tosses.

High scorer for the Dukes was Ken Haynes, who scored 22 markers. For Ottawa Charles Hepner led the way with 17, followed by Jay Bernardoni with 16. Bernardoni couldn't miss in the latter part of the game; he hit seven straight baskets in the third and fourth quarters.

Kopeck Stars on Defense

Papineau only managed four points all night, which points to a fine defensive job by Paul Kopeck.

Papineau started things out with a shot from underneath the basket. Ken Haynes evened things up with a long one-hander. The rest of the first period saw Dixon scoring two points to Ottawa's one. Haynes hit a jumper with 15

seconds left to end the first period. The Dukes upped the margin to 25-11 on Kopeck's three-point play with 6:30 left. Ottawa's Hepner made it 31-24 with 2:00 left and Haynes drew down the curtain on the first half with two free throws. The score was Dixon 33, Ottawa 24.

Ottawa Rallies in 3rd Quarter
The Pirates rallied in the third segment, scoring 14 points and holding the Dukes to 9. As the horn sounded they had closed the gap to 42-38, Dixon.

With the score 44-40 Coach Franklin's crew hit a run of five straight on a tip-in by Steve Sproul, a free throw by Dishman and two more by Kopeck.

Bernardoni kept the Pirates in the ball game at this point. His onehander from the corner put them only a basket behind at 49-47. But Haynes flipped through four straight free throws (he hit six for six in the last quarter) to boost the Dixon lead to six points.

The closest the Pirates could come after that was 57-53, as Hepner hit from outside the key. Two free throws by Haynes, two by Mike Kopacz and a lay-up by Haynes gave the Pirates a broadside that put them under.

The Dukes will journey to LaSalle-Peru Friday night for their next NCIC contest. Saturday night they will play Sterling at home in a non-league game.

possession of the ball, but Mount Morris put the charity tosses through the hoop. The Mounders are now 6-3 in conference play; Oregon is 5-3.

A scuffle developed after the game when a Mount Morris player decided to cut down the net to celebrate the Mounder victory. It was too much to take for an Oregon fan. The scuffle was broken up by adults.

The Mounders trailed at the quarter and at the half, but came back to out-point the Hawks in the third period 17-13. With a minute to play the Mounders held a two-point lead, 62-60. Mount Morris made good on several free throws after technical fouls were called on Oregon.

The Hawks had to come out and foul the Mounders to try to get

could not make up for the first half, and the Clippers still trailed, 48-41. After that, they never got much closer to victory.

Also surprising is the fact that the losers had the game's high scorer, Bill Smith, who sunk enough baskets for 19 points. Others who went into double figures for the Clippers were Whitney and Hageman, both of whom had ten. Erie had four men in the same category: Lancaster and Crandall with 13 each, Earl with 11, and Huen with 10.

Amboy had considerably better luck in the frosh-soph department, and thoroughly dismantled the fledgling Cardinals, 57-35.

Upcoming Contests: Next Friday Amboy tries for a win on the Mount Morris court, and the Cardinals hope to break up Polo's unbeaten record at Erie.

Bulldog Rally Catches Malden

OHIO — A third-quarter scoring barrage combined with a top defensive effort enabled Ohio's Bulldogs to overcome a 40-33 halftime deficit and gain an 82-66 victory over Little Eight Conference foe Malden.

Ohio trailed 17-16 after one quarter then fell behind by six more in the second before pumping in 25 points in the third period while holding Malden to just nine.

The Bulldogs tallied 24 in the last period to add seven more to the victory spread.

The win was the fourth in Little Eight play for the Ohio club against three losses. Malden is winless in conference play with a 0-5 slate.

Jim Harris paced the winning fivesome with 26 points on nine field goals and eight free throws. Jim Carlson ripped the nets for 20 Ohio points.

Jim Chandler pumped 13 free throws and three field goals for 19 to pace Malden.

Ohio completed the clean-sweep by winning the frosh-soph game 42-41.

Lincoln Splits With Washington

Lincoln split in two games played with Washington this past week.

The Lincoln seventh graders downed Washington 32-30 with Roger Coleman leading the way for the winners with 14 points.

Jim Van Natta topped Washington with 10. Washington led at the half 13-12.

Lincoln, St. Mary's and Jefferson are now tied for first place with 5-2 records.

Nelson Notes

NELSON — Mrs. Olive Ort-giesen left Friday for Oak Park, where she was called by the death of her brother, Edward Gardner. Saturday, Mr. and Mrs. John Gale and daughter, Connie, and Mrs. John L. Miller went to Oak Park, where they attended the services for Gardner, their uncle.

Sunday dinner guests of Mr. and Mrs. Willard Miner included Mr. and Mrs. Elmer Heinze, Miss Diane Sargol and Ralph Miner, Chicago, Mr. and Mrs. Loren Frerichs and daughter, Joyce, of Roselle.

Mr. and Mrs. Andy Laidig and

family returned Saturday from a two-week vacation trip to Florida. They visited his brother, Mr. and Mrs. Alvin Laidig at Crescent City, Fla.

Mr. and Mrs. LeRoy Genz and daughter, Hilary, and son, Tom, were supper guests Sunday evening at the home of Mr. and Mrs. Max Gentz.

Tuesday evening Leo Todhunter accompanied his brother-in-law and sister, Mr. and Mrs. Glenn Holdaway, Rock Falls, to Davenport, Iowa, where they intended to see the wrestling matches. When they reached Moline, Mrs. Todhunter suffered a heart attack and they returned here as soon as possible to Sterling, where she has entered Community General Hospital for treatment.

Mrs. Lester Lawrence accompanied Mrs. William Miller of Oregon to Iowa City, Iowa, Tuesday where they visited Mrs. Miller's husband, who had major brain surgery Friday in the Veteran's Hospital.

Mr. and Mrs. Lester Lawrence were supper guests Sunday evening of Mr. and Mrs. James Lawrence, Galt.

Saturday evening, Mr. and Mrs. Earle Stitzel and granddaughter, Joan Sandra, Mrs. Frank McEleney and Judy Marcinkowski, Dixon, attended the annual smorgasbord at the Rock Falls Eastern Star in the Masonic Temple at Rock Falls.

Mr. and Mrs. Jules Batha and son, Danny, were guests Sunday of their brother-in-law and sister, Mr. and Mrs. Marvin Christensen, and family, Davenport, Iowa.

Former Mount Morris Grad Is Honored

MOUNT MORRIS — Dr. Donald C. Findlay, a dentist and former Mount Morris High School graduate was honored recently by the Elkhart, Ind., Jaycees and presented the Distinguished Young Man of the Year award.

Findlay progressed from doctor of dental surgery to consultant for the institute of TB research at the University of Illinois and served with the Tice Institute of the Cook County Hospital and the Hoetgen Institute at Chicago.

His organization work and career have earned him recognition in Indiana's "Who's Who".

Dr. Findlay is the son of Mrs. Viola Findlay of here. He and his wife, Judith, are parents of three children, Donald, David and Ann. Dr. Findlay's offices are located at 323 W. High St., Elkhart.

The February luncheon of the Woman's Association of the First Presbyterian Church was held at the church Thursday noon. Mrs. W. E. Pittinger served as hostess.

The regular meeting followed and the program consisted of a short skit by Mrs. Pittinger and Mrs. Sam Campbell.

Linda Liston Named Amboy Homemaker

LINDA LISTON

AMBOY — Miss Linda Liston has been named Betty Crocker Homemaker of Tomorrow at Amboy High School.

Contestants were judged on the basis of having achieved the highest score on a written knowledge and aptitude test taken by senior girls in December.

She has received a special award pin from General Mills for her achievement and is now eligible to compete for the title of State Homemaker of Tomorrow. Test papers have been forwarded to the state contest and are now being judged. The state homemaker of 1966 and a runner-up will be announced soon.

Miss Liston is the daughter of Mr. and Mrs. Paul Liston, 34 N. Blackstone. She is active in the Future Business Leaders Assn., a member of the annual staff and the Livewire staff.

PERMAFROST

Nearly one-fourth of the earth's surface is permanently frozen ground. Scientific observations suggest that permafrost, as it is called, extends to 1,500 feet deep in northern Alaska and Canada, and even deeper in northern Siberia.
